

Goreski Testimonial from Jeffery Homes

Mark and Paul do a terrific job in continuing to provide the exemplary service which has been the company's trademark for decades.

We, at Jeffery Homes, have been in the new home building business for nearly 40 years, and Goreski Roofing and Insulation has been an integral part of our team for at least 35 of those years. Longevity with one client, like us, says a lot about the way in which the Goreski's run their business.

We had a good relationship with their father, Ken, and his strong work ethic and commitment to meeting our construction needs have been instilled in Mark, Paul and Lisa. They have been able to maintain a very stable workforce over the years, a key factor in the consistently high quality of workmanship they deliver.

I firmly believe that anyone who chooses to work with Goreski Roofing and Insulation won't be disappointed.
